WELCOME

UKLC is a leading provider of language programmes in the UK for students aged 8-17. Our mission is to educate, inspire and enrich the lives of young people from all over the world through English Language, Sports, and British Culture.

We pride ourselves on our strong relationships with partner agencies. We understand that agents need high-quality partners in the UK in order to satisfy their own clients, who will generate word-of-mouth marketing when they return home. Our relationship is built on trust. We work with you and your group leaders to ensure that the safety of your students is the priority throughout all of our centres.

We understand that the success of our business is inseparable from the success of the agents we work with. We will work with you to create attractive marketing material to sell our courses. We help with the details of getting groups to our schools; supporting you during the visa application process and finding the most cost-effective transfers from each airport.

What an amazing year this has been! And I can say without a doubt that it would never have been possible without the hard work everyone has put into delivering a high-quality year-round programme. I am very grateful to our partners for renewing their trust in us, and to our staff for the energy and professionalism they have shown.

I am proud that UKLC was listed as an EL Gazette Centre of Excellence based on our British Council inspection. We were awarded strengths in 9 areas, which reflected the attention and work that we continuously put into analysing where and how we can improve, and into implementing change.

This has led to an extremely busy and successful Easter period during which we welcomed a record number of new and returning groups at our main centre in Chester, a unique destination for our students, thanks to its charm and desirable location. Our year-round residence is very popular.

We are excited to expand our offering with the opportunity of full integration into UK high schools for the first time. Our students will be able to enjoy 1 day to 4-week placements at our local partner schools in Chester, and to take part in the everyday life of a British school, which will provide them with a very valuable learning experience.

And that's not all! We are extremely excited to introduce Bristol as our new year-round homestay destination. As my home city, it holds a very special place in my heart, and I have no doubt it will prove successful in enhancing the options available for our term-time students.

Our strength lies in the relationships we establish with our partners, and we look forward to building new collaborations to expand and improve our year-round programmes with you all in 2020.

Bristol is one of Britain's favourite cities. It has a proud maritime history and it is from here that many of England's great explorers set off to travel the world. Now a thriving cultural centre and the country's 11th biggest city, in 2017 Bristol topped the Sunday Times rankings of best places to live in Britain and was listed 4th in the Rough Guides' top ten cities to visit worldwide.

Badminton School itself is set in stunning walled grounds in Westbury-on-Trym, on the outskirts of Bristol. It is a beautiful mixture of old and new buildings surrounded by glorious gardens. The accommodation has bright and airy bedrooms and comfortable common rooms - many of them with fantastic views over Bristol.

Chester is a new university (2005) but it has a history dating back to 1939. The eclectic mix of modern and historical buildings combine to create an attractive campus, set in a city that was founded as a Roman fort 2000 years ago and is now becoming a must-see European destination.

The campus itself is just a short walk away from the vibrant city centre with its mix of cafes, shops and ancient walls, rows, amphitheatre, historic architecture and archaeological features.

As a year-round residential option, the University of Chester gives students a real taste of university life by immersing themselves in a modern, exciting university setting. Academic Tuition

We know how important it is for each individual student to find their own path in language learning. We use a wide range of methods to engage and stimulate our students. This is why we have created a curriculum based on the students' age, level, and needs, structured into three different programmes:

- **FUN (Ages 8-11):** Highly engaging lessons that offer a wide range of material and activities specific for our young learners. It makes games into lessons and lessons into games.
- **CONNECTION (Ages 11-14):** Very dynamic lessons that include a variety of topics and media, especially designed to reflect the quick-paced interactive world our younger students are growing up in. Available in levels A1-C1.
- **ACTION (Ages 14-17):** Lessons specifically designed to engage our older students through more abstract tasks, topics and contemporary issues. Available in levels A1-C1.

The CONNECTION and ACTION programmes consist of three different lessons a day:

1. **TBL (Task-Based Learning):** During these lessons students are encouraged to complete a task. Language is therefore acquired through the task as it emerges naturally as the result of the students' communicative needs.
2. **S&S (Skills and Systems):** These lessons aim at empowering our students' linguistic awareness and capabilities by working on all language skills (reading, writing, listening, speaking) and systems (grammar, phonology, lexis, discourse), as well as using materials relevant to exam preparation (KET, PET, FCE, CAE, TOEFL, IELTS, GESE).
3. **CLIL (Content and Language Integrated Learning):** These lessons merge CLIL and British Culture. Students learn about art, literature, and science, or about the history and the geography of the UK, while activating their linguistic knowledge.

"We now have UKLC Team who does everything on the level of quality we always look for!"

- All group leaders are given an induction talk when they arrive which details their responsibilities towards their group but also as an adult at a residential centre
- We work with group leaders to ensure their students have a safe and enjoyable stay, taking full responsibility for students when they are in lessons and on scheduled activities
- We assist group leaders to ensure students’ safety and care outside of scheduled activities and during excursions
- UKLC staff are available 24 hours a day for any issue that may arise
- There is a 24-hour emergency number for partner agents, parents and students
- All students get a UKLC wristband and lanyard to be worn at all times
