

English Plus Media

This course combines English language learning with real-world experiences and technical-creative teaching. Students will engage in different media based projects including journalism, social media, advertising and media production and editing, all while using the English language in a very creative and expressive way.

Please see below, a typical timetable for students following the English Plus Media Programme. Students will receive nine hours of Life Skills Lessons per week in addition to their fifteen hours of English tuition. Along with all other students, the ‘English Plus Life Skills’ students will go on one full-day excursion and two half-day excursions a week. Please note, this is a sample timetable, so excursion destinations may vary.
